Modern enrollment

Enrollment in incentives programs in Partner Center
In this training we explore the enrollment process for partner incentive programs in Partner Center.
By the end of this training, you will be able to carry out the:

- Creation of Incentive Administrator(s) and Users.
- Completion of incentive program enrollment.
- Access help and support.

Contents

1. Introduction.
3. The modern enrollment process:
   - Step 1 – User management.
   - Step 2 – Incentive program enrollment.
4. Support and resources.
5. Summary.
A new incentive experience

Why a new incentive experience?

In Microsoft’s efforts to make your incentives experience easier, we are moving all incentive programs to a single platform called **Partner Center**.

This will be a centralized location where you can:

- View all your incentives earnings and payments.
- Discover new eligible incentive opportunities where applicable.
- Manage your claims where applicable.

As part of this, partners enrolling in a new incentive program will have a new and more streamlined experience through Partner Center.
The modern enrollment process
Modern enrollment process

Before your organization can earn incentives, you must first enroll in an incentive program.

The enrollment process includes two steps that will require action on your part:

User management: This includes the set-up of the Incentive Administrator role and configuration of user permissions in the Partner Center Dashboard

Refer to slide 8 for more details on user management

Program Enrollment: This includes the enrollment of your organization into one or more incentive programs

Refer to slide 8 for more details on how to enroll

Important Note

For your organization to experience incentives on the Partner Center Dashboard, you must either:

- Migrate your existing Microsoft Partner Network (MPN) membership from Partner Membership Center (PMC) to Partner Center
- Set up a new membership in Partner Center.
Step 1 – User management
User management

To enroll in an incentive program in the Partner Center Dashboard, the Global Administrator or Account Administrator needs to assign an Incentive Administrator(s) and grant Incentive User permissions.

User management is fully integrated into the Partner Center Dashboard. This allows for the:

- Addition of both the Incentive Administrator and user roles.
- Editing of permissions.
- Deletion of user profiles.

The Global Administrator can also set up your company users through the Azure Active Directory (AAD).

For more details on partner accounts, roles, and permissions – see the “Learn more” articles on the Partner Center Dashboard.

Important Note
The Incentive Administrator is the only user who can enroll in an incentive program. If there is no Incentive Administrator for your particular location, the Global Administrator and Account Administrator must assign one. The Incentive Administrator must be assigned for the location MPN IDs.

We will run through the process for assigning an Incentive Administrator in the next slides.
User management

Once your organization is eligible for incentives, the following users will receive an incentive enrollment invite:

- Global Administrator
- Account Administrator
- Incentive Administrator

The Incentive Administrator is the only user who can enroll in incentive programs. If there is no Incentive Administrator for your particular location, the Global Administrator and Account Administrator must assign one. The Incentive Administrator must be assigned for the location MPN IDs.

The Global Administrator or Account Administrator can also be assigned as the Incentive Administrator.

We will run through the process for assigning an Incentive Administrator in the next slides.
User management

To manage users within Partner Center, you need to follow these steps.

- Navigate to the User management page.
- Here, the Global Administrator can either:
  i. Add a new user or
  ii. Edit the roles and permissions of existing users by selecting a hyperlinked name.

a. The User management screen can be accessed at any time by selecting the cog wheel icon at the top right of the screen, selecting Account settings and then User management.

Note

Only users with the permissions of an "Incentive Administrator" can enroll in an incentive program. The Global Administrator must assign these permissions to either existing or new users.
User management

To manage users within Partner Center, you need to follow these steps.

2. To add a new user – enter the name and email address. The domain is prepopulated.
   • Once the users details are entered, their incentive permissions can then be defined.

3. To do this the Global Administrator selects **Manage your organization’s incentives for one or more locations.**
User management

To manage users within Partner Center, you need to follow these steps.

The screen expands allowing the incentive permissions to be applied.

4. A user can be given either Incentive Administrator or Incentive User permissions at:
   • An entire organization level.
   • At a location level.
   • At a program level.

To apply a permission level, the Global Administrator selects the radio button next to the applicable option.

Note
For more information on the various user permissions visit the “Learn More” articles.
User management

To manage users within Partner Center, you need to follow these steps.

5. The functionality to offer permissions for one or more locations is also supported.
   - To apply a permission level select the radio button next to **One or more locations listed below**.

6. Then select the relevant role next to each location.
User management

To manage users within Partner Center, you need to follow these steps.

7. Further customization of how your incentives are configured at a program level is also available from the **Manage your organization’s incentives for one or more offers**.

Note

Locations need to be saved before you can update the program details.
User management

To manage users within Partner Center, you need to follow these steps.

8. This functionality allows the Global Administrator to restrict the incentive programs within the locations that the Incentive Administrator or User should access.

Note
Locations need to be saved before you can update the program details.
User management

To manage users within Partner Center, you need to follow these steps.

9. Select **Update** to save the changes.
   - If these changes are being applied to an existing user – there is no further action required and within a few minutes the changes will be applied.

Note
In the above screen, if a new user is being added – “**Update**” will be replaced with the word “**Add**.”
User management

To manage users within Partner Center, you need to follow these steps.

If a new user is added, an additional screen is shown.

10. This screen will detail confirmation of the user being added and a temporary password. This will need to be copied and sent to the user.
   - The new user would use this temporary password when logging in to Partner Center Dashboard for the first time. They will then be prompted to create a new password.

Note

After you leave this page, the temporary password cannot be viewed again.
To manage users within Partner Center, you need to follow these steps.

11. You can search for a user by their permission type. Use the dropdown arrow to select and view the **Global admin** for your organization.
Step 2 - Incentive program enrollment
The enrollment process

The Incentive Administrator is the only user that can enroll into an incentive program. Depending on the program, Microsoft may send an invitation for you to enroll. Alternatively, you can navigate to Partner Center Dashboard to enroll into a program with open enrollment.

Auto Enrollment is available for the following programs:
- Online Services Usage (OSU) – Microsoft 365
- Online Services Usage (OSU) – Business Applications
- Azure

To learn how to enroll through open enrollment see slide 20.

Note: Sign in instructions:
- Partner Center: You must use your work account credentials to log-in to Partner Center.
  - Example: joe@joescompany.com
- Partner Membership Center (PMC): You must use your MSA or personal account credentials to log-in to PMC.
  - Example: joe@outlook.com

More information is available in the following article.
https://docs.microsoft.com/partner-center/move-pmc-pc-map
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

1. Log into the Partner Center Dashboard and navigate to the Incentives section on the left navigation bar. Select Overview to show all incentive program invitations.

2. The dashboard will also show any existing enrollments (if there are any).

Note
The Incentives section in the navigation menu will only be visible to Incentive Administrators and Incentive Users. They will also see a Payout Statement tab that offers incentive reporting. This will be divided into three sections: Summary, Earnings, and Payments.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

3. To start the enrollment process, select the Enroll option for the specific program you wish to enroll in.

Note

A program not yet enrolled will hold the status of invited and an Enroll hyperlink will be available. This link will remain until the Incentive Administrator has started the enrollment process.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

4. You will be presented with a confirmation of the incentive program, purpose, and a program summary.

5. Select **Continue** to proceed with the enrollment.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

6. Additional information about the requirement for adding/updating bank and tax details is given. This is a requirement for enrollment completion.

7. Select **Add bank and tax profile** to progress to the next step.

---

**Note**

Selecting “**Close**” without completing bank and tax details will take the user back to the overview page, displaying the prompt to “Update bank and tax profile”.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

You will be directed to the bank and tax setup page. You can assign both bank and tax profiles to a program from this page.

The steps to create/use an existing payment profile are covered in detail in the next two sections.

Note

If you are required to make an update in the bank and tax for a particular program and location, “Action Required Update Bank and Tax Profile” will be shown under “Status” on the overview page available from the left navigation bar.
Banking profiles
Banking profiles

Remember:

Banking profiles are created at an organization level and can be assigned across multiple MPN ID’s within the same organization.

This allows for the same banking profile to be used. There may be exceptions when applying the banking profile to different countries, as different banking and tax rules may apply.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

1. Select the relevant program from the drop-down menu.
2. Create a new payment profile or select an existing preapproved profile (if one exists) for each MPN separately. If a payment profile that is already created for other locations is to be used for the newly onboarded program, choose this from the drop-down menu instead of creating a new profile.

Do not create duplicate bank profiles.

To return to the overview page – select Overview under Incentives on the left navigation bar.

Note

If you are required to make an update in the bank and tax for a particular program and location, “Action Required Update Bank and Tax Profile” will be shown under “Status” on the overview page available from the left navigation bar.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

Selecting **Create a new payment profile**, opens the setup pages.

Bank profile information is organized under three sections:

i. Details.
ii. Bank Account.
iii. Beneficiary.
iv. Progress status is tracked and displayed towards the right of the input section.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

3. Enter the payment details in the Details section.
   - **Profile name**
     Enter a unique name to identify this payment profile.
   - **Bank account location**
     The country in which your company's bank is located.
   - **Disbursement currency**
     The currency in which Microsoft will pay you. Depending on the partner's bank account location this may be set or another currency can be selected from the drop down.

4. Select **Next** to save these details and move to the Bank account section.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

5. Under Bank account, enter the bank identifier such as IBAN, BSB or SWIFT/BIC. The fields shown in this section will vary by country. The bank account information that relates to this identifier then appears on the page below. Next, enter additional details such as account number if they are not already shown.

6. Select Next to save these details and move on to the Beneficiary section.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

7. Next, complete the beneficiary information.
   Beneficiary is the person in your company that the bank would contact if they need to discuss your account.
   Complete all details. This includes entry of tax type and tax ID.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

8. Once all the beneficiary information has been entered, the Finish button will be available. Select Finish to save. A confirmation message appears. Select Confirm to agree to the validation and creation of a payment profile. At this point you are taken back to the Payout and tax setup page.
Tax pages
Tax pages

Remember:

**Taxes is a dynamic section.** Depending on the details you enter under Setup (that is, the incorporation country of your company), Partner Center Dashboard will request you to enter the relevant tax information for that country.

Please reference official sources of tax information for your country if you require guidance regarding specific tax details to provide.

Only company details are to be entered on the taxes page. Personal details should **NEVER** be entered.

For partner companies in the Americas, if you require information on completing the W8 or W9 forms, the following addresses take you to the IRS site:

The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

If a new payment profile is being set-up the next step, having entered the banking details, is to add the tax profile.

1. To start the tax profile association, select Edit.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

The online tax form is dynamic and adjusts to the tax requirements of the country that the organization is incorporated within.

The form contains a minimum of four sections:
- Business Profile
- Setup
- Tax status
- Additional documentation

2. In the **Business profile** section, add organization details such as names(s) and business numbers.

3. Select **Next** to continue.

**Note**

1. You may not need to complete all sections, as this depends on the country of company incorporation.

2. The system alerts partners to the requirements in each section. A section may not appear if it is not required.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

4. In the **Setup** section, select the option that applies to your company:
   - The option on the left, relates to USA-incorporated companies only. If that status applies to your company, select this option.
   - If that status does not apply to your company, select the right hand option and choose the country/region of permanent residence of your company.

5. Select **Next** to continue.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

6. In the Tax status section, enter your details. The information required is specific to the country of incorporation.

7. Select **Next** to save these details and continue.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

8. In the additional documentation section, complete the required fields.

9. Select **Next** to continue.
The enrollment process

To enroll in an incentive program, an Incentive Administrator needs to follow these steps.

Based on the country of incorporation additional documents may be required.

10. Select **Browse** to add each document. When the document name is shown, select **Upload** to complete the submission.

    When you successfully upload a document, the **Remove** button is shown while the **Browse** and **Upload** buttons will no longer be shown.

11. Select **Finish** to save data and continue.

    A pop-up message appears. If you select **Confirm**, the system redirects you back to the Payout and tax setup page.
Review your incentive program enrollment
The enrollment process

Once the bank and tax details have been added, you can navigate back to the incentive overview page.

1. You can see the **Enrolling** status from the incentive programs dashboard.

2. After the bank and tax details have been approved by Microsoft, the status changes to **Enrolled**.

3. At this point, the program’s details page can be accessed by selecting the relevant program under **Program name**.

4. Selecting the indicator dots on the right for each program offers the option to download the program incentive guide.
The enrollment process

Once bank and tax details have been successfully added, you can navigate back to the incentive overview page.

From the program’s details page of a program with no claiming element, the following information is available:

i. The program Incentive Guide.
The enrollment process

Once bank and tax details have been successfully added, you can navigate back to the incentive overview page.

From the program's details page of a program with a claiming element, the following information is available:

i. The program Incentive Guide.
ii. Filtering on usage periods, location and date ranges.
iii. A summary of "co-op earned" and "co-op claimed" based on selected location and date ranges.
iv. Claims status.
v. Additional program resources.
Support and resources
Support

To access support follow these steps.

1. Select ? from the top navigation bar.
2. Select **Partner support requests**.
Support

To access support follow these steps.

3. Select New request.
Support

To access support follow these steps.

4. From the **Type of problem** drop down, select **Managing incentives (for eligible/invited partners only)**.

5. Provide all other information requested and select **Submit**.
Summary
Summary

You should now be able to carry out the:

• Creation of Incentive Administrators and Users.
• Completion of incentive program enrollment.
• Access help and support.
Thank you.
