Windows Server 2019 and Microsoft Server Application Compatibility

For a list of Microsoft server applications that support installation and functionality on Windows Server 2019, see Windows Server 2019 and Microsoft Server Application Compatibility. The information in the linked topic is for quick reference and is not intended to replace the individual product specifications, requirements, announcements, or general communications of each individual server application. Refer to official documentation for each product to fully understand compatibility and options.

For customers and software vendor partners looking for more information on Windows Server compatibility with non-Microsoft applications, visit the Commercial App Certification portal.
